

## HCA Accommodation

HCA accommodation which is managed internally by the International Recruitment department is based in Green Lanes (North London) close to the centre of London. Green Lanes has good transport links and is a short distance from Finsbury Park or Manor House stations (on the **Victoria / Piccadilly** underground lines and British Rail).

The accommodation is mainly for our new overseas nurse and allied health professionals and is offered on a six month tenancy initially. The six months should allow enough time to look for alternative accommodation in London. However should you need more time then the tenancy can be extended by mutual agreement - this will always be dependant on the demand for accommodation by new staff. The monthly rent is £445.01 (there are no bills) and it is automatically deducted from your salary on a monthly basis.

The accommodation is fully furnished and each of our 8 units consists of 4 en-suite bedrooms, a shared open plan kitchen/lounge/dining area. Each bedroom is en-suite (shower, sink and toilet) with a single bed wardrobe, desk with overhead storage, and a bedside cabinet. Each bedroom is provided with a duvet, pillow and bed linen.
